

SUBSCRIPTIONS AGAIN TOO LOW

Bankers Receive 11th Hour
Appeal to Buy Treasury
Certificates.

Dallas, Texas, July 29.—Subscriptions to the present issue of treasury certificates closed at 3 p. m. today, and the subscription in this federal reserve district has been very disappointing, according to Nathan Adams, director of sales, who issued the following statement:

"The result of the subscription to the present issue of United States treasury certificates has been very disappointing. Only 779 banks out of a total of 1896 have participated in the purchase of the present issue. No city in the state has responded to its full quota. Some of the smaller towns in the district have taken the full amount allotted.

"There are 1424 banks in the district that have in no way responded to the needs of their government in this issue of treasury certificates. If the soldiers fighting for this country at the battlefields of France made no more sacrifices than some of the bankers of this district, the Germans would be in Paris."

"The English Outlive The Americans"

Says the famous physician, Dr. Rhein, "and do so in no small measure because the Americans wear septic bridges in the mouth, while the English are less addicted to this possible danger."

Dr. Williams realized this years ago. Today the new system overcomes the "smelly old style bridge."

In the new system of dentistry teeth are replaced immediately after extraction in all cases—and guaranteed.

This holds out the fare to its original form—prevents muscle shrinkage—Come in and see this work for yourself—Gladly explain it to you.

The New System Plate

We are the only makers of this plate in El Paso, and have made an average of 3 daily for two years. Ask your friend, he is probably wearing one.

COST—A little thought will show you there cannot be over a dollar or so difference between real dentistry and cheap non-licensed students forced to work under a "company" name. You know no responsible, legally registered dentist is going to advertise under a "company" name.

One man—not a dentist—sitting in New York, runs eleven of these "catchin and fakin" offices in the State of Texas.

The laws of all other States have put this form of cheap graft out of business.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion
if skin is sunburned,
tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

A MAN'S WORLD OR A WOMAN'S

Question Is Answered Ex-
plicitly in Emily Stevens'
Latest Play Tomorrow.

"A Man's World," featuring the talented Emily Stevens, will be the attraction at the Unique, beginning tomorrow. Can a man transgress and still be above reproach while a woman is held to ridicule if she makes but one slip? Is the theme around which this story is built.

The picture is an adaptation of the play by Rachel Crothers and the subject has been finely and delicately handled so that even people who dislike, as a rule, the thrashing out of sex problems, will find that there is nothing fast, will offend here. Shows start at 11:30, 12:45, 2:15, 4:30, 5:45, 7:15 and 9:30. Douglas Fairbanks in "The Wolf Man" and the Allied Official War Review will be shown today for the last time.—Adv.

GRECIAN—MABEL NORMAND.
Mabel Normand and Herbert Rawlinson will be seen at the Grecean today for the last time in the new Goldwyn play, "Back to the Woods."

This picture is full of humorous situations, but at times borders on the dramatic and threatens to become real serious. Mabel doesn't know how much trouble she is getting into when she kidnaps Herbert Rawlinson and she tells him she will hold him as her prisoner unless he marries her. Things happen thick and fast from this time on, but in the end everything comes out just right and everybody is happy.

"Back to the Woods," is being shown at the Grecean today only. Tomorrow the Grecean presents pretty little Enid Bennett in "The Vamp." This is an entertaining story of an innocent little girl who had a hard time winning the man she loved until she decided to "vamp" him. What her success was is delightfully pictured in this interesting picture.—Adv.

ALHAMBRA—LESS THAN KIN.
It has been some time since Alhambra patrons have enjoyed seeing Wallace Reid. He is seen today only in a happy mixture of thrills, adventures, and sacrificial devotion. The story is built around incidents in the life of a man who accidentally kills another man in protecting a woman and flies to South America. Here he meets a man who is his double. The latter is killed in a revolution and on his deathbed makes Wallace Reid promise that he will go back to the United States and take his place. The incidents that follow, showing Wallace Reid living the life of his double, form the background for a most entertaining photoplay. Shown today only.

William Farnum is coming tomorrow in a major screen story, one of the most striking pictures that has been filmed in recent times, "When a Man Sees Red."—Adv.

TREAT FOR FILM FANS.
The thousands of friends of Carlyle Blackwell in this city will be delighted to know that he will be seen at the Bijou theater today in World-Picture Ready-made. "The Good For Nothing." Appearing with Mr. Blackwell in this production are Mabel O'Leary and Evelyn Greenley and a particularly able cast. The story is an unusual one and it gives these three stars splendid opportunities. The scenic effects are particularly fine.—Adv.

"OLD WIVES FOR NEW."
Today is the last showing of "Old Wives for New" at the Wigwag theater. This is the picture for the Artercraft of David Graham Phillips's sensational novel, Cecil de Mille, who is generally conceded to be the most artistic director in the business, produced it.

Tomorrow, Mary Pickford will be seen in a return engagement of her great hit, "Milk and Honey." The reels for this picture are already in, he come early and avoid the night crowds.—Adv.

Patriotic-Boy Of Five Starts on Speaking Tour

Los Angeles, Calif., July 29.—Little Knox Price, 5 year old exhorter of patriotism, has left Los Angeles on a trip as an exponent of the "Ad" clubs of the Pacific Coast. San Francisco, Portland, Seattle, Vancouver and all smaller intervening cities are on his itinerary, and in each place he will speak for the good of the cause.

Master Price has probably done more than anyone of his age for the good of the country, having disposed of approximately \$10,000 worth of Liberty bonds by his silver-tongued oratory and childish earnestness. The youngster divides his love of country with just one other thing—ice cream cones.

**HOBBY REACHES AUSTIN;
SHAKES HANDS; GETS BUSY**
Austin, Tex., July 29.—Gov. and Mrs. W. P. Hobby reached Austin this morning from Beaumont, where they had been since last Saturday receiving the returns. They were met at the train this morning by a delegation of citizens and a number of state officials, all of whom extended a warm welcome to the governor-elect.

The governor spent some time at the mansion and then came to his office, where he was soon buried in an accumulation of work which demanded his personal attention. The governor had no statement to make, but indicated there would be no changes for the present in his official family.

SHRINER NOVICE BREAKS ARM BEFORE FUN BEGINS

Roswell, N. M., July 29.—Unusual incidents in connection with the special ceremonial of Mystic Shriner here Saturday were the auto accident which broke the arm of Henry Lutz, of Carrizosa, just before he, with J. E. Schaefer, of the same place, reached here, and the "arrest" of Dr. A. J. Evans, of Elida, N. M., at the train as he arrived. Lutz is recovering. The ceremonial drew nobles from all over eastern New Mexico.
